Opening Reception:
November 6, 6-9 PM
Lecture/Discussion:
November 21, 2-4 PM

Tensions in the Journey:

"Redman's journey as a woman and an artist has been one of self-discovery and awareness. Her body of art is an evolutionary collection of images exploring what it is to be a woman from pregnancy and motherhood to maturity and cronehood. This sampling includes figure painting, drawing and mixed media art from the early 1960's to the present." ~Tess Heimbach, Curator
