

“From The Eyes of the Innocents”

“Framed With Hope” Photo Exhibit

May 1 – May 30

**Opening Reception
Friday, May 8th 6pm**

On November 24, 2007, volunteers traveled to Jakarta, Indonesia for the first “*Framed with Hope*” project. The International Humanity Foundation’s orphanage and school received 14 digital cameras and 12 computer laptops donated by supporters of Framed with Hope.

The orphans took many extraordinary photos and shared beautiful stories about their lives. The photos and stories have been brought to the United States and turned into a photo exhibit that travels to various public venues.

The San Diego Women’s History Museum & Educational Center is hosting the “*Framed with Hope*” photo exhibit throughout May at the museum in Golden Hill.
