

# DREAM THE DREAM Women's Museum of California

## MORE SPACE

The ideal **Women's Museum of California** would be large enough to be an inspiration to current and future generations of San Diegans and located in an easily accessible, public place such as Balboa Park.

## ROOM TO LEARN

It would house our expanding **library** with retrievable archives for scholars and a reading room for our members and the public. Additional space would allow us to offer support to other women's organizations who need a home for functions and meetings.

inspiration

## INDOOR/ OUTDOOR EXPERIENCE

This facility would boast ample room for our permanent and temporary **exhibits**, an outdoor reading, a woman's meditation **garden**, climate-controlled **archival** and **storage** space for new acquisitions.

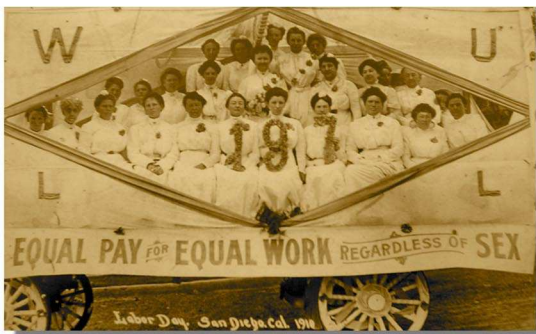

## EVENTS : PERFORMANCE : INTERACTIVITY

We envision a **multi-purpose reception** room, a **theatre-lecture hall** for women-focused presentations, lectures and performances, an **interactive learning** area for children, an exhibit **fabrication room** and a kitchen and work-room for **events** preparation.

## WOMEN'S HALL OF FAME

The San Diego County Women's Hall of Fame would be housed inside the facility, offering audio/ visual displays of all Inductees and other stories of women's impact on our community and society.

Please help us to **realize the dream!**
